in North  
& Central  
America

**Authorized  
Service**

**This welcome sign is out wherever you go. . .**

Whenever you and your car are away from home and you need service, parts or preventive maintenance just check this little booklet. There is always a VW Dealer close to you.

You'll find Authorized VW Service in all the 50 States of the USA, in each of the 10 Provinces of Canada, in the main cities of Mexico and in another 133 countries all over the world. And all of them will service your Volkswagen thoroughly, quickly, efficiently.

Because they employ factory trained technicians.

Because they work with Volkswagen approved tools and equipment.

Because they keep a complete inventory of Genuine VW Parts on hand or on tap at all times. (You don't have to wait to take substitutes.)

And because they all charge reasonable prices.

In short: You'll find VW Service as reliable as the car itself wherever you and your Volkswagen go.

This list of authorized Volkswagen Distributors and authorized Volkswagen Dealers is based upon the latest information available to Volkswagen of America, Inc., as of the date of its preparation, October 1983, and remains subject to correction and revision.

Only authorized Volkswagen Distributors and authorized Volkswagen dealers are permitted to use the trademarks of Volkswagenwerk Aktiengesellschaft (in particular: the word "Volkswagen" reproduced in Memphis bold characters or in blue and white color combinations or otherwise; the letters "VW" and the emblem composed of the letters "VW" in vertical sequence and surrounded by a circle). This permission for authorized Volkswagen Distributors and authorized Volkswagen Dealers is subject to the restrictions contained in their respective Distributor and Dealer Agreements.
